

# Infoday EUROSTARS

## the programme which supports European collaborative projects

**10% of your turnover or of your staff is invested heavily in R&D, you have an innovation or technology development project for your SME of 24 to 36 months duration with short time to market, you're looking for partners, come and find out EUROSTARS with French, German, Swiss, Spanish and Luxembourgish specialists of this program.**

Enterprise Europe Network of Alsace Innovation and CCI Grand Est and the members of Europe Alsace Network invite you for an Infoday followed by individual meetings :

**The 15th December 2017**  
**Maison de la Région Grand Est**  
**1 Place Adrien Zeller, 67000 Strasbourg**  
**France**

In addition to a piece of collective information, individual interviews will provide a summary of your needs and expectations.

"Mature" companies for such an approach will also be able to be accompanied on the entire assembly of the project, until its deposit.
